

50 Years in the Making

2011 is the year we celebrate our 50 Year Anniversary for our KW Chapter of the LOMA Society of Waterloo.

It doesn't matter how old or young we are,
we are all making history today.

We would like to encourage you to participate with us
in remembering the past.

We invite you to write a few sentences of
YOUR part in this history.

What do you remember?

LOMA just isn't a lunch and a dinner once a year.
It's learning, resourcing, training,
it's the people and the friendships.

TELL US - what do you remember!

What sticks out in your mind?
What special people helped you?
What did your company do in the past to help with your
learning?

What do you remember?

Why not share a story with us?

Our 50 year anniversary planning committee would like to hear
from you by June 19th.

Email your stories to bdavies@faithlifefinancial.ca

If you would also like to take part in planning our celebration,
please contact any of the LOMA board members directly.
